FUPEC COLOMBIA
Boletín Informativo Mayo de 2004

Este boletín está destinado a la Tercera Maná, parte esencial del Plan Colombia, quien con sus acciones y propuestas, impulsará los valores de la humanidad.

NOTICIAS por Carlos Hernández Castro

El siguiente informe corresponde a un accidente de OVNI ocurrido recientemente y constituye uno de los temas más interesantes y polémicos que constituyen la columna vertebral de un expediente secreto, que a su vez es un artículo complementario tanto a la información contenida en el artículo de divulgación de la Tercera Maná como a la información contenida en el artículo de divulgación de la Tercera Maná.

El 02 de Mayo de 2004 un grupo integrado por 8 miembros de la Fuerza Aérea de México realizaba un sobrevuelo de rutina a bordo de un avión F-16 en la zona de la Tercera Maná, cuando a las 10:30 am, el control de tráfico aéreo de la zona le comunicó la presencia de un objeto desconocido que se movía en la dirección de la Tercera Maná.

Suplementalmente, al estar en el punto en donde se suponía debía estar el avión no identificado, la presencia del avión no identificó visiblemente los objetos.

Para poder comprender el contenido de la siguiente información, es necesario tener presente que la Tercera Maná es un fenómeno que se manifiesta en forma de objetos que se movían rápidamente, que se movían por medio de una tecnología que tiene la capacidad de moverse sobre la tierra de la Tercera Maná, por lo que cualquier objeto que se mueva en forma de avión no identificado, debe ser un objeto que se mueva en forma de avión no identificado.

Cuando se habla de objetos que se movían en forma de avión no identificado, se refiere a la presencia de un objeto de forma aerodinámica y que de acuerdo al tipo de movimiento que se le atribuye, puede tener forma de avión, de un objeto de 10 pies, o de un objeto de 100 pies.

De este modo, se puede apreciar la presencia de un objeto de forma aerodinámica y que de acuerdo al tipo de movimiento que se le atribuye, puede tener forma de avión, de un objeto de 10 pies, o de un objeto de 100 pies.
