

Global archive UAP-study and UFO-identification

Version 1.0

Period of work: 30.01.2011-14.07.2012

This was achieved by back-breaking work, spending all free time working day by day, moving toward the goal with aspiration - for the future of mankind. History of UFO identification and UAP research is also our history, of each of us and all mankind, which is worth of paying attention. We remember - it was, it can't be deleted, it's memory which needs to be protected.

Yours sincerelly, Igor Kalytyuk
