This was achieved by back-breaking work, spending all free time working day by day, moving toward the goal with aspiration - for the future of mankind. History of UFO identification and UAP research is also our history, of each of us and all mankind, which is worth of paying attention. We remember - it was, it can't be deleted, it's memory which needs to be protected.

Yours sincerelly, Igor Kalytyuk

Этого удалось достичь непосильным трудом, тратя на это все свое свободное время, работая над этим день за днем, устремленно двигаясь к поставленной цели - ради будущего человечества. История НЛО-отождествления и ААЯ-исследования, это тоже наша история, как каждого из нас, так и всего человечества, которая стоит чтобы этому уделяли внимание, мы помним - это было, это не вычеркнешь, это память, что нуждается в защите.
